PATENT**Application # 10/733,719****Attorney Docket # 2002-0465 (1014-048)****REMARKS**

The Examiner is respectfully thanked for the consideration provided to this application. Reconsideration of this application is respectfully requested in light of the foregoing amendments and the following remarks.

The Examiner is further thanked for indicating that each of claims 14 and 17 would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Each of claims 1-13, 15, 16, and 18-20 has been cancelled without prejudice or disclaimer.

Each of claims 14 and 17 has been amended for at least one reason unrelated to patentability, including at least one of: to explicitly present one or more elements implicit in the claim as originally written when viewed in light of the specification, thereby not narrowing the scope of the claim; to detect infringement more easily; to enlarge the scope of infringement; to cover different kinds of infringement (direct, indirect, contributory, induced, and/or importation, etc.); to expedite the issuance of a claim of particular current licensing interest; to target the claim to a party currently interested in licensing certain embodiments; to enlarge the royalty base of the claim; to cover a particular product or person in the marketplace; and/or to target the claim to a particular industry.

Claims 14 and 17 are now pending in this application. Each of claims 14 and 17 are in independent form.
